

ADMINISTRATIVE INTERNSHIP PROGRAM

The Board of Education recognizes the need to identify and train administrative talent within the district, and directs the establishment of appropriate training programs within the district. All participants in these programs shall be advised that the successful completion of any such program does not carry with it any guarantee of special handling in the event of future administrative openings in the district.

The acceptance of administrative interns shall be contingent upon a building administrative interview and approval by the central office in the area where the internship is requested.

Final approval rests with the Superintendent of Schools or his/her designee.
